

Total Solution for Refrigeration & Air-Conditioning Systems

R407C

Mixed Refrigerant

Property and application:

R407C is a kind of refrigerant of surroundings-protection model, used in replacing R22 & R502, It has a good nature of cleaning, low poison, non-combustion, good-refrigeration and so on, and greatly use in air-conditioner

Quality index and Technical index

Index/Value/Class	High-class product		
Chemical contents	R32/R125/R134a(23:25:52)		
Appearance	Colourless, not turbid		
Odor	No odor		
Purity	≥	99.8	%
Water	≤	0.001	%
Acidity	≤	0.00001	%
High boiling residue	≤	0.01	%
Molecular Weight	86.2		
B.P	-43.6 °C		
Critical temperature	86.74 °C		
Critical pressure	4.619 Mpa		
ODP	0		
GWP	0.17
